

## GEORGE I BURR WALNUT COMPACT CHEST - REF 2302

A fine George I burr walnut compact chest with brushing slide, of excellent colour and patina. The top of rectangular form with applied cross-grained moulded edge, cross and feather banded, the matched veneers laid in three sections across the top. To the front of the chest a retractable brushing slide with brass knob handles, over four long graduated, oak lined, quadrant-beaded drawers fitted with gilt brass plate handles. Beneath the bottom drawer a further cross-grain moulding around the perimeter, the chest being supported on shaped bracket feet.

*Small walnut chests such as this, are highly sought after. This chest has a particularly good patina and "skin" which is commensurate with a well used yet cared for life. The piece has possibly been in an atmosphere with a lot of smoke from an open fire thus it's darker colour and overall excellent patina.*
